Collections, Exhibitions & Programs \$119,071

Creating vibrant new exhibitions and programs provides a product that has value to people – for their own lives and the lives of their children – particularly when we can provide context to the national historical narrative and current issues. The Museum will continue to maintain and catalog the current collection as well as search out and acquire objects of historical significance to Hampton, the region and the nation. New programming initiatives will enhance attendance. In addition to maintaining and improving our permanent exhibitions that tell the broad story of our City, we develop changing exhibitions that engage a diverse audience and provide multiple opportunities for the general public to experience new content each year. By improving and upgrading the collection and exhibits, and providing access to the collection for the general public, Hampton’s diverse population will be better served.

Education/Promotion \$79,841

The Museum exists to provide educational and interpretive programs for schools, families and adults of all ages. These programs are designed to present Hampton’s heritage in connection with national historical themes. Through our education initiatives, we change history from a passive learning experience into an engaging exploration that will impact our community. We will create a touchable, interactive space in which learning about history is fun and will bring families to our facility, again and again. We also focus on sharing this information to as large and diverse an audience as possible through our promotional efforts.
