

NEW 2016 FLOOD MAPS

HOW TO VIEW & PRINT A MAP OF YOUR PROPERTY USING FEMA FIRMETTE WEB TOOL

1. Click: <https://msc.fema.gov/portal>
2. Enter your address in the "Search" box and click "Search"
3. If the red indicator is not at the correct address, zoom in or out using the + or - signs in the upper left corner of the map. Once you've located the correct section, click on your address.
4. Once the red indicator is correctly identifying your address, click on the "View Map" icon
5. Click on the "Make a FIRMette" button on the left side, once your FIRM has loaded

6. Click, hold and drag the pink area to cover the area including your property
7. Click the "Adobe PDF" button
8. Click "Save your FIRMette" in the upper left of the screen once your FIRMette has loaded
